REACH Certificate of Compliance

High-temperature solder process is being used in products in some packages during production. Lead for the high temperature soldering is in line with item 7a of the exemption clause of the directive of EU ROHS2.0, but is not exempted from the 19th batch of substances in REACH.

The products listed below are in high-temperature solder process and each lead content is 1000ppm more than criterion of REACH regulation. All products except the following are in line with REACH regulation (EC) No. t907/2006 and compliant to REACH ANNEX XVII.
